EXPERIENCE

Features Implementation Engineer

Bazaarvoice | February 2017 - Present

- Technical Consultant/ Project Manager managing around 15-20 concurrent projects all differing in size, complexity, and geographic locations. Working with our client's web teams on implementing our software using our APIs into their systems, and being the point of contact for all technical components of a project.

In charge of the technical relationship with the client directly working with over 50% of the Fortune 100 and 8 out of 10 of the most valuable retail chains globally.

Project Manager

Bypass | May 2014 - June 2016

- Project Manager for new installations, training, and responsible for interacting with existing clients/accounts to execute strategies. Point-of-contact between Bypass and client sites for implementing fixed and mobile point of sale solutions for food and beverage, retailers, suites, club seats, portables, desert carts, and hawkers.
